MEMORANDUM

TO: Lead Agency Directors
State Part C Coordinators

FROM: Patricia J. Guard *Patricia J. Guard*
Acting Director
Office of Special Education Programs (OSEP)

SUBJECT: The American Recovery and Reinvestment Act of 2009 Individuals with Disabilities Education Act Part C Grants for Infants and Families Program

Enclosed is your State's August, 2009 Individuals with Disabilities Education Act (IDEA) Part C Grants for Infants and Families Program grant award under the American Recovery and Reinvestment Act of 2009 (ARRA). The enclosed awards represent the second fifty percent (50%) of your State's awards under the ARRA Part C Grants for Infants and Families Program (ARRA IDEA Part C funds). The effective date of the grant award transmitted with this memo is February 17, 2009. Acceptance by your State of this grant award constitutes an agreement by the State to comply with the conditions in Enclosure A and Box 10 on the enclosed Grant Award Notification. Please note that as part of your application for Federal fiscal year (FFY) 2009, your State made an assurance, as required by 34 CFR §80.11(c), that it will comply with all applicable Federal statutes and regulations in effect with respect to the periods for which it receives grant funding.

It is important to note that the ARRA IDEA Part C grants are a supplemental appropriation to the annual IDEA Part C Grants for Infants and Families Program grants that were distributed to eligible States on July 1, 2009.

As detailed in Enclosure A, States are required to track and account for the ARRA IDEA Part C funds separately from the regular IDEA Part C grant awards funds. In addition, States are required to meet the reporting requirements set out in OMB M-09-21 and any future updates of this guidance.

Enclosure A provides the terms and conditions of receipt of these funds. Acceptance by your State of this grant award constitutes an agreement by the State to comply with the terms and conditions in Enclosure A.

Enclosure B shows State-by-State funding levels for all IDEA Part C FFY 2009 funds awarded by the Department, including the remainder of each State's ARRA IDEA Part C funds. This amount, which is reflected in column F of Enclosure B, includes ARRA IDEA Part C funds that the Department reserved, but did not award, for State Incentive Grants under section 643(e) of the IDEA. In FFY 2009, two States applied, and were eligible to receive, a portion of the funds the Department reserved for these State Incentive Grants. The remaining funds that were not awarded for State Incentive Grants were reallocated proportionately to all States and your State's portion is included in the enclosed grant award.

This one-time large increment in IDEA Part C funding offers States a unique opportunity to improve early intervention services and results for infants and toddlers with disabilities. We appreciate your ongoing commitment and look forward to working with your State in its provision of quality early intervention services to infants and toddlers with disabilities.

For additional information on the ARRA, please visit the Department's Web site at <http://www.ed.gov> or <http://www.recovery.gov>.

A. Award Term—Reporting and Registration Requirement under Section 1512 of the American Recovery and Reinvestment Act of 2009

- (a) By accepting this award the recipient agrees to meet requirements of the American Recovery and Reinvestment Act of 2009 (“Recovery Act or ARRA”) and to report on use of Recovery Act funds provided through this award. Information from these reports will be made available to the public.
- (b) The first report is due on or before October 10, 2009. Thereafter, reports shall be submitted no later than the 10th day after the end of each calendar quarter. The recipient is ultimately responsible for the reporting of all data required by section 1512 of the Recovery Act and guidance issued by the Office of Management and Budget (OMB) (including OMB M-09-21). The recipient may delegate certain reporting requirements to its subrecipients, as specified by the OMB guidance. Recipients must use the reporting instructions and data elements that are provided online at www.FederalReporting.gov and that will include any additional information in any additional form required by the Department. The recipient shall ensure data quality, completeness, accuracy and timely submission of all data submitted to www.FederalReporting.gov, including data submitted by subrecipients.

For infrastructure investment projects, the recipient, or appropriate chief executive, must post an online certification that the infrastructure investment received the full review and vetting required by law and that the recipient accepts responsibility that the investment is an appropriate use of taxpayer funds. This certification along with other required information such as a description of the investment, estimated total cost, and amount of Recovery Act funds to be used, must be posted and linked on the Recovery Accountability and Transparency Board website. A recipient may not use funds for infrastructure investment funding unless this certification is made and posted.

C. Award Term—Required Use of American Iron, Steel, and Manufactured Goods—Section 1605 of the American Recovery and Reinvestment Act of 2009

- (a) *Definitions.* As used in this specific award term and condition—

“Construction material” means iron, steel, or manufactured goods brought to the construction site by the recipient, subrecipient or a subcontractor for incorporation into

the public building or public work. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site.

"Manufactured good or product" means an item incorporated into the physical structure of the public building or used in a public work that is the result of processing materials by way of machinery and/or labor that produce a substantially different item. Where the basic form or function of the material processed remains the same, or the processing does not add value to the item, it is not manufactured. There is no requirement with regard to the origin of components or subcomponents in manufactured goods or products, as long as the manufacture of the goods occurs in the United States.

"Public building" and "public work" means a public building of, and a public work of, a governmental entity (the United States, the District of Columbia, commonwealths and territories of the United States and minor outlying islands, and State and local governments). These buildings and works may include, without limitation, bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, pumping stations, heavy generators, railways, airports, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, and canals, and the construction, alteration, maintenance, or repair of such buildings and works.

"Steel" means an alloy that includes at least 50 percent iron, between .02 and 2 percent carbon, and may include other elements.

(b) *Domestic preference.*

(1) This award term and condition implements Section 1605 of the American Recovery and Reinvestment Act of 2009 (Recovery Act) (Pub. L. 111-5), by requiring that all iron, steel, and other manufactured goods used in the project are produced in the United States except as provided in paragraph (b)(3) and (b)(4) of this term and condition.

(2) This requirement does not apply to the material listed by the Government as follows:

NONE

(3) The award official may add other iron, steel, and/or other manufactured goods to the list in paragraph (b)(2) of this term and condition if the Federal Government determines that—

- (i) The cost of the domestic iron, steel, and/or manufactured goods would be unreasonable. The cost of domestic iron, steel, or manufactured goods used in the project is unreasonable when the cumulative cost of such material will increase the cost of the overall project by more than 25 percent;

ENCLOSURE A
Grant Terms and Conditions
Under American Recovery and Reinvestment Act of 2009, Public Law 111-5

- (ii) The iron, steel, and/or manufactured goods is not produced or manufactured in the United States in sufficient and reasonably available quantities and of a satisfactory quality; or
 - (iii) The application of the restriction of section 1605 of the Recovery Act would be inconsistent with the public interest.
- (c) *Request for determination of inapplicability of Section 1605 of the Recovery Act.*
- (1) (i) Any recipient request to use foreign iron, steel, and/or manufactured goods in accordance with paragraph (b)(3) of this term and condition shall include adequate information for Federal Government evaluation of the request, including—
 - (A) A description of the foreign and domestic iron, steel, and/or manufactured goods;
 - (B) Unit of measure;
 - (C) Quantity;
 - (D) Cost;
 - (E) Time of delivery or availability;
 - (F) Location of the construction project;
 - (G) Name and address of the proposed supplier; and
 - (H) A detailed justification of the reason for use of foreign iron, steel, and/or manufactured goods cited in accordance with paragraph (b)(3) of this term and condition.
 - (ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed cost comparison table in the format in paragraph (d) of this term and condition.
 - (iii) The cost of iron, steel, and/or manufactured goods shall include all delivery costs to the construction site and any applicable duty.
 - (iv) Any recipient request for a determination submitted after Recovery Act funds have been obligated for a project for construction, alteration, maintenance or repair shall explain why the recipient could not reasonably foresee the need for such determination and could not have requested the determination before the funds were obligated. If the recipient does not submit a satisfactory explanation, the award official need not make a determination.
- (2) If the Federal Government determines after award funds have been obligated for a project for construction, alteration, maintenance or repair that an exception to section 1605 of the Recovery Act applies, the award official will amend the award to allow use of the foreign iron, steel, and/or manufactured goods. When the basis for the exception is nonavailability or public interest, the amended award shall reflect adjustment of the award amount or redistribution of budgeted funds, as appropriate, to cover costs associated with acquiring or using the foreign iron, steel, and/or manufactured goods. When the basis for the exception is the unreasonable cost of the domestic iron, steel, and/or manufactured goods, the award official shall adjust the

award amount or redistribute budgeted funds, as appropriate, by at least the differential established in 2 CFR 176.110(a).

- (3) Unless the Federal Government determines that an exception to section 1605 of the Recovery Act applies, use of foreign iron, steel, and/or manufactured goods is noncompliant with section 1605 of the American Recovery and Reinvestment Act.

- (d) *Data.* To permit evaluation of requests under paragraph (c) of this term and condition based on unreasonable cost, the Recipient shall include the following information and any applicable supporting data based on the survey of suppliers:

E. Award Term—Wage Rate Requirements under Section 1606 of the American Recovery and Reinvestment Act of 2009

- a) Section 1606 of the Recovery Act requires that all laborers and mechanics employed by contractors and subcontractors on projects funded directly by or assisted in whole or in part by and through the Federal Government pursuant to the Recovery Act shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with subchapter IV of chapter 31 of title 40, United States Code.

Pursuant to Reorganization Plan No. 14 and the Copeland Act, 40 U.S.C. 3145, the Department of Labor has issued regulations at 29 CFR Parts 1, 3, and 5 to implement the Davis-Bacon and related Acts. Regulations in 29 CFR 5.5 instruct agencies concerning application of the standard Davis-Bacon contract clauses set forth in that section. Federal agencies providing grants under the Recovery Act shall ensure that the standard Davis-Bacon contract clauses found in 29 CFR 5.5(a) are incorporated in any resultant covered contracts that are in excess of \$2,000 for construction, alteration or repair (including painting and decorating).

- (b) For additional guidance on the wage rate requirements of section 1606, contact your awarding agency. Grant recipients should direct their initial inquiries concerning the application of Davis-Bacon requirements to a particular federally assisted project to the Federal agency funding the project. The Secretary of Labor retains final coverage authority under Reorganization Plan Number 14.

F. Award Term—Recovery Act Transactions listed in Schedule of Expenditures of Federal Awards and Recipient Responsibilities for Informing Subrecipients

- (a) To maximize the transparency and accountability of funds authorized under the American Recovery and Reinvestment Act of 2009 (Public Law 111-5) (Recovery Act) as required by Congress and in accordance with 2 CFR 215, subpart ___. 21 "Uniform Administrative Requirements for Grants and Agreements" and OMB A-102 Common Rules provisions, recipients agree to maintain records that identify adequately the source and application of Recovery Act funds.
- (b) In accepting this award, recipients covered by the Single Audit Act Amendments of 1996 and OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations," agree to arrange for the appropriate single audit of the recipient and to ensure that their subrecipients are fully compliant with the single audit requirements that apply to them. Covered recipients further agree to separately identify the expenditures for Federal awards under the Recovery Act on the Schedule of Expenditures of Federal Awards (SEFA) and the Data Collection Form (SF-SAC) required by OMB Circular A-133. This shall be accomplished by identifying expenditures for Federal awards made under the Recovery Act separately on the SEFA, and as separate rows under Item 9 of Part III on the SF-SAC by CFDA number, and inclusion of the prefix "ARRA-" in identifying the name of the Federal program on the SEFA and as the first characters in Item 9d of Part III on the SF-SAC.
- (c) Recipients agree to separately identify to each subrecipient, and document at the time of sub-award and at the time of disbursement of funds, the Federal award number, CFDA number, and amount of Recovery Act funds. When a recipient awards Recovery Act funds for an existing program, the information furnished to subrecipients shall distinguish the subawards of incremental Recovery Act funds from regular subawards under the existing program.
- (d) Recipients agree to require their subrecipients to include on their SEFA information to specifically identify Recovery Act funding similar to the requirements for the recipient SEFA described above. This information is needed to allow the recipient to properly monitor subrecipient expenditure of ARRA funds as well as oversight by the Federal awarding agencies, Offices of Inspector General and the Government Accountability Office

G. Award Term—Reporting of Fraud and Misconduct

Each recipient and subrecipient awarded funds made available under the Recovery Act must promptly refer to the Department of Education's Office of Inspector General any credible evidence that a principal officer, employee, agent, contractor, subrecipient, subcontractor, or other person has submitted a false claim under the False Claims Act or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or
